What's happening in California Community Colleges:

1st AB 705 2nd Guided Pathways

What is AB 705?

AB 705 is a bill signed by the Governor on October 13, 2017 that took effect on January 1, 2018. The bill requires that a community college district or college maximize the probability and student will enter and complete transfer-level coursework in English and math within a one year timeframe and use, in the second of students into English and math courses, one or more of the following: high school coursework, high school grades, and was school grade point average.

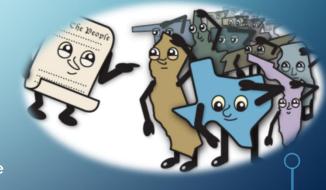

The bill also authorizes the Board of Governors to establish regulations governing the use of measures, instruments and placement models to ensure that these measures, instruments and placement models achieve the goal of maximizing the probability that a student will enter and complete transfer-level coursework in English and math.

Current regulation

Currently, community colleges are already prohibited from requiring students to take a prerequisite course unless they are highly unlikely to succeed in a higher-level course

Colleges are required to use multiple measures in determining course placement

AB 705 was written to clarify existing regulation and ensure that students are not placed into remedial courses that may delay or deter their educational progress **unless** evidence suggests they are highly unlikely to succeed in the college-level course.

WHAT ARE GUIDED PATHWAYS?

Guided pathways reform is a student-centered approach that can dramatically increase the number of students earning community college credentials, while closing equity gaps.

Rather than work with a subset of students, guided pathways are a college-wide undertaking that provides a framework for integrating California-based initiatives such as SSSP, Equity, Basic Skills Transformation, the Strong Workforce Program, and California College Promise.

Guided pathways provide students with clear, educationally coherent program maps that include specific course sequences, progress milestones, and program learning outcomes.

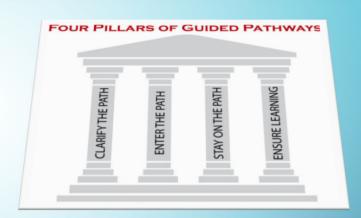

These maps are aligned to knowledge and skills required by four-year institutions and the labor market, thus ensuring that students can continue their studies and advance in their careers.

The maps help to simplify decision-making for students by providing intentional opportunities for exploration and informed choices. Students are helped from the start to understand academic and career options, choose a program of study, and develop a plan based on the program maps.

4 Pillars of Guided Pathways

- •Clarify the Path Create clear curricular pathways to employment and further **education**.
- •Enter the path Help students choose and enter their pathway.
- •Stay on the Path Help students stay on their path.
- •Ensure **Learning** Ensure that **learning** is happening with intentional outcomes.

1st Clarify paths....to student end goals

a) Simplify students' choices with default program maps developed by faculty and advisors that show students a clear pathway to completion, further education and employment in fields of importance to the region.

PALO VERDE COLLEGE

ASSOCIATE DEGREE FOR TRANSFER PROGRAMS

COMING SOON!

ADJ	ADMINISTRATIVE	With an Associate Degree for Transfer in Administration of Justice, you will be ready to	
	OF JUSTICE	transfer to a CSU campus to finish a bachelor's degree in Criminal Justice/Criminology.	
		Depending on the CSU campus, you might specialize in corrections, law enforcement,	
	(C.26)	forensics, criminal justice research/ management, legal studies for prosecutorial or jurist careers, or criminology. A bachelor's degree in Criminal Justice/Criminology may lead to	
		careers, or criminology. A bacrietor's degree in Criminal Justice/Criminology may lead to careers with federal, state, or local law enforcement, probation, parole, and correctional	
		institutions, specialized criminal investigations, forensics, criminalistics, or a career in the study	
		of crime causation or victimology.

Organizational Development

- What challenges are we facing?
- •What resources can we utilize?
- •What would shake up the process?
- •What would challenge my staff?
- •What do our students want and need?
- •How are we performing according to those we manage?
- •What is on the horizon?
- •What is another way of looking at this?
- •What can we do to make things better?
- •Who will facilitate the changes?

Guided Dathmads illitate the changes?

Organization- On going improvement Delivery
Structure

system

How do we want to start the process?

- ✓ This is a joint making process
- ✓ Help orient members of the process
- ✓ Create an alignment of purpose and shared action
- ✓ Let's promote and reinforce positive attitudes and direction
- ✓ Team effort
- ✓ Improve teamwork
- ✓ Foster collaboration and communication
- ✓ Allow for feedback
- ✓ Allow for learning opportunities
- ✓ Let's have an open door policy
- ✓ Create clear goals and possibly rewards

People

Organization

Culture

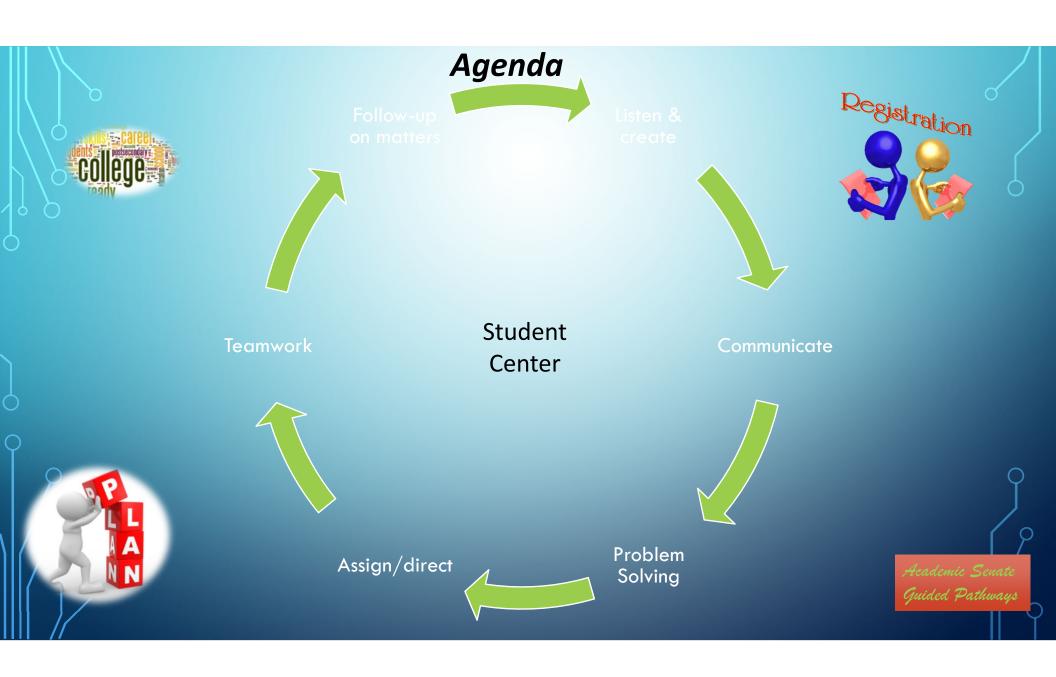

How can we Manage Performance levels that's within our reach?

- ✓ Working on one Platform-PVC & CDCR
- ✓ Teamwork Great building Concepts
- Invite of faculty, staff, and proctors meet
- ✓ Have regular trainings- Food & Refreshments is plus!
- ✓ Document your concern occurrences and share your thoughts with those in charge.

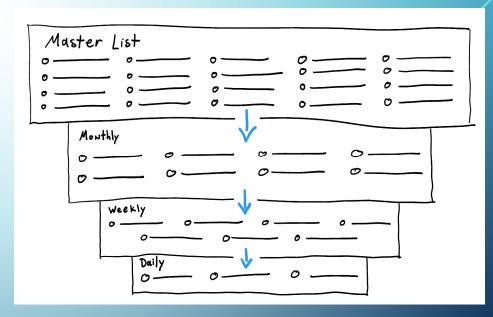

Home work Assignment: Set priorities what matters most to you. Workloads are ballooning and everything feels important. However, the truth is that a lot of the

work we do every day doesn't really need to done, at least not right away.

Let's prioritize out of our limited time,
this will help us focusing on time
management and to balance our daily matters.

- 1. High Priority
- 2. Medium Priority
- 3. Low Priority

Urgent and Important: Important, but not Urgent: Urgent, but not important: Neither urgent nor important:

Summary Highlights!

Responses from Proctors & Instructors Designing and Planning Session

Providing Proctors with the support to guide student through educational matters; voice for PVC.

- ✓ Syllabus will be sent 1 Month prior to the start of the term.
- ✓ Canvas (Bridge) will be the new platform for all instructional matters.
- ✓ Syllabus will be uploaded on "Canvas" by the 1st day of class.
- ✓ Syllabus recognition for each of the teaching modalities will be recommended to faculty:
 - ✓ Face-to-Face version
 - ✓ Correspondence version
 - ✓ Online version
- Department Chairs will be updated by the Correspondence Office monthly.
- Correspondence Committee will be meeting regularly throughout the year

Summary Highlights!

Responses from Proctors & Instructors Designing and Planning Session

- ✓ Instructors will need to complete proctoring "Request Sheet," 2 weeks in advance of the exam.
- ✓ All enrollments received last few days of the registration will need to faxed to "A&R."
- ✓ Faculty handbook is being developed to create a better understanding of organizational processes.
- ✓ Correspondence Coordinator will have access to the rosters, we will be able to inform students in a timely manner of any changes.
- ✓ Deadlines for Add/Drop cards should be taken by "A&R" when they get postmarked by the VEP/Proctor.
- ✓ It is recommended cover sheets are attached when students submit their homework; include location, yard, ID, complete name, and date.
