INDEPENDENT AUDITORS' REPORT

The Board of Trustees Palo Verde Community College District Blythe, California

Report on Audit of Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities, fiduciary activities, and the aggregate remaining fund information of Palo Verde Community College District (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, fiduciary activities, and the aggregate remaining fund information of the District as of June 30, 2022, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Palo Verde Community College District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information section, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Management's Discussion and Analysis section and unaudited supplementary information section, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on other work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report

Other Reporting Required by Government Auditing Standards

WOL, Certiful Poblic Accountants

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

San Diego, California December 23, 2022

CWDL.

This section of Palo Verde Community College District's (the "District") annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2022.

Introduction

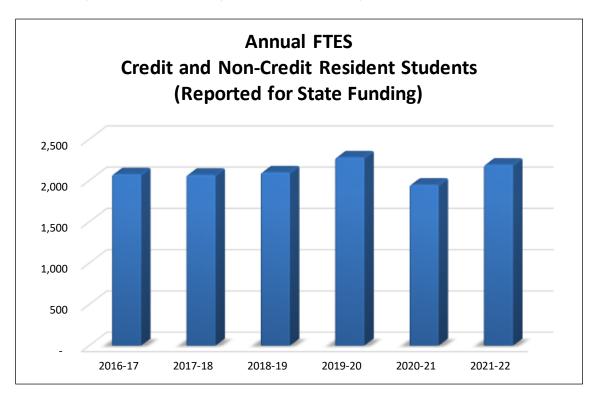

The following discussion and analysis provides an overview of the financial position and activities of the Palo Verde Community College District (the "District") for the years ended June 30, 2022 and June 30, 2021. This discussion has been prepared by management and should be read in conjunction with the financial statements and notes thereto which follow this section.

Palo Verde Community College is an open access, public educational district, dedicated to providing excellence in education, cultural enrichment, economic development and services to assist members of the community to meet their educational goals. People of all ages and backgrounds attend early morning to late evening and weekends to take advantage of a wide variety of course offerings.

Enrollment Highlights

During 2021-2022, total full-time equivalent students increased approximately 6.1% for both credit and non-credit courses. Credit and non-credit FTES, along with other workload measures, are the basis for the District's State apportionment.

Trend of full-time equivalent students as reported on the annual report:

Financial Highlights

This section is to provide an overview of the District's financial activities.

As required by the adopted accounting principles, the annual report consists of three basic financial statements that provide information on the District as a whole:

- The Statement of Net Position
- The Statement of Revenue, Expenses and Changes in Net Position
- The Statement of Cash Flows

Statement of Net Position

The Statement of Net Position presents the assets, liabilities and net position of the District as of the end of the fiscal year and is prepared using the accrual basis of accounting, which is similar to the accounting basis used by most private sector organizations.

The difference between total assets and total liabilities is one indicator of the current financial condition of the District; the change in net position is an indicator of whether the overall financial condition has improved or worsened during the year. Assets and liabilities are generally measured using current values. One notable exception is capital assets, which are stated at historical cost less accumulated depreciation.

The Net Position is divided into three major categories. The first category, net investment in capital assets, provides the equity amount in property, plant and equipment owned by the District. The second category is expendable restricted net assets. These net assets are available for expenditure by the District, but must be spent for purposes as determined by external entities, legislation and/or donors that have placed time or purpose restrictions on the use of the assets. The final category is unrestricted and is available to the District for any lawful purpose of the District.

The Statement of Net Position, as of June 30, 2022 and June 30, 2021, is summarized below:

	2022	2021	Change
ASSETS AND DEFERRED OUTFLOWS OF RESOURCES			
Current assets	\$ 27,135,319	\$ 23,627,163	\$ 3,508,156
Non-current assets	61,407,452	59,317,335	2,090,117
Deferred outflows of resources	 5,803,429	6,616,168	(812,739)
Total Assets and Deferred Outflows of Resources	94,346,200	89,560,666	4,785,534
LIABILITIES AND DEFERRED INFLOWS OF RESOURCES			
Current liabilities	8,125,420	5,113,335	3,012,085
Non-current liabilities	43,128,842	50,388,946	(7,260,104)
Deferred inflows of resources	 7,242,734	680,212	6,562,522
Total Liabilities and Deferred Inflows of Resources	58,496,996	56,182,493	2,314,503
NET POSITION			
Invested in capital assets, net of related debt	33,433,167	30,395,973	3,037,194
Restricted	10,301,087	9,658,076	643,011
Unrestricted	 (7,885,050)	(6,675,876)	(1,209,174)
Total Net Position	\$ 35,849,204	\$ 33,378,173	\$ 2,471,031

Statement of Net Position, continued

- Approximately 99% of the cash and cash equivalent current assets is cash deposited with the Riverside County Treasurer's Office. The Statement of Cash flows contained within the financial statements provides greater detail regarding the sources and uses of cash and the net increase (decrease) in cash.
- The majority of the accounts receivable balance is from Federal and State sources for grant and entitlement programs.
- Capital assets are the net historical value of land, buildings, and equipment less accumulated depreciation. As of June 30, 2022, the District owned capital assets of \$61,222,121. The breakdown of this total net value can be found in Note 6 of the financial statements.
- Accounts payable and accrued liabilities consists of payables to vendors, accrued payroll and benefits of \$4,734,405.
- Noncurrent liabilities consist of compensated absences, other postemployment benefit obligation, net pensionliability, General Obligation Bonds, and Certificates of Participation.
- Unrestricted net position totaled \$(7,885,050).

Statement of Revenues, Expenses, and Changes in Net Position

The change in total net position presented on the Statement of Net Position is based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of this statement is to present the operating and non-operating revenues earned (whether received or not) by the District, the operating and non-operating expenses incurred (whether paid or not) by the District, and any other revenues, expenses, gains and/or losses earned or incurred by the District.

Operating activities are those in which a direct payment or exchange is made for the receipt of specified goods or services. As an example, tuition fees paid by the student are considered an exchange for instructional services. This activity is considered an operating activity. The receipt of State apportionments and property taxes do not include this exchange relationship between payment and receipt of goods or services. These revenues and related expenses are classified as non-operating activities.

Statement of Revenues, Expenses, and Changes in Net Position, continued

	2022	2021	Change
REVENUES			
Tuition and fees	\$ 735,239	\$ 552,594	\$ 182,645
Grants and contracts, noncapital	8,747,275	5,093,691	3,653,584
General revenues - property taxes	2,575,583	2,636,676	(61,093)
General revenues - state aid	22,498,517	21,384,814	1,113,703
General revenues - other	(400,017)	61,838	(461,855)
Total Revenues	 34,156,597	29,729,613	4,426,984
EXPENSES			
Operating expenses	30,303,164	28,266,692	2,036,472
Financial aid disbursement to students	321,179	640,949	(319,770)
Interest	1,061,223	51,472	1,009,751
Total Expenses	 31,685,566	28,959,113	2,726,453
Change in Net Position	\$ 2,471,031	\$ 770,500	\$ 1,700,531

Enrollment fees are generated by students who are residents of California and residents of neighboring Arizona counties who have approved reciprocity agreements. Out-of-state tuition plus enrollment fees are paid by all non-resident and foreign students.

- Non-capital grants and contracts are primarily those received from federal and state sources and used in the instructional program.
- Personnel costs are 62% of operating expenses, which includes all funds and depreciation. The balance of operating expenses is for supplies, other services, and capital outlay items below the capitalization threshold, insurance, utilities and depreciation expense.
- State apportionments, non-capital consists of State apportionment and other apportionments. State apportionment represents total general apportionment earned less regular enrollment, less property taxes.
- Local property taxes are received through the Auditor-Controller's Office for Riverside County and San Bernardino County. The amount received for property taxes is deducted from the total State general apportionment that is calculated by the State for the District.
- State taxes and other revenues consist primarily of State lottery revenue.
- Functional expenses are included in Note 12 of the financial statements.

Statement of Revenues, Expenses, and Changes in Net Position, continued

Operating Expenses (by natural classification) – object:

	2022	2021	Change
Salaries	\$ 12,593,918 \$	11,662,914	\$ 931,004
Employee benefits	6,499,064	6,670,422	(171,358)
Supplies, materials, and other operating expenses and services	9,371,023	8,097,267	1,273,756
Student aid	321,179	640,949	(319,770)
Depreciation	1,839,159	1,836,089	3,070
Total Operating Expenses	\$ 30,624,343 \$	28,907,641	\$ 1,716,702

- Compensation consists of salaries, fixed charges (District contributions to retirement systems, workers'
 compensation and unemployment insurance, Social Security and Medicare), and health and welfare
 benefits borne by the District.
- Supplies, materials, other operating expenses and services include expenditures for software, reference books, software licensing and consultants, repairs and maintenance of buildings and equipment.
- Utilities consist of electricity, telephone, water, heating and waste disposal.

Statement of Cash Flows

The Statement of Cash Flows provides information about cash receipts and cash payments during the fiscal year. The statement also helps users assess the District's ability to generate positive cash flows, meet obligations as they come due, and the need for external financing.

The Statement of Cash Flows is divided into five parts. The first part reflects operating cash flows and shows the net cash used by the operating activities of the District. The second part details cash received for non-operating, non-investing, and non-capital financing purposes. The third part shows cash flows from capital and related financing activities. This part deals with the cash used for the acquisition and construction of capital and related items. The fourth part provides information from investing activities and the amount of interest received. The last section reconciles the net cash used by operating activities to the operating loss reflected on the Statement of Revenues, Expenses and Changes in Net Position. The net cash used by the District for operating activities, for the year ending June 30, 2022, was \$12.3 million.

The Statement of Cash Flows, for the years ended June 30, 2022 and June 30, 2021, is summarized below:

	 2022	2021	Change
Net cash provided (used) by:			
Operating activities	\$ (12,237,931) \$	(22,989,581) \$	10,751,650
Non-capital financing activities	25,074,100	24,021,490	1,052,610
Capital financing activities	(4,817,172)	(1,738,012)	(3,079,160)
Investing activities	 (387,185)	128,389	(515,574)
Net increase (decrease) in cash and cash equivalents	\$ 7,631,812 \$	(577,714) \$	8,209,526

Statement of Cash Flows, continued

The primary cash receipts from operating activities are from student enrollment fees and tuition, Federal, State and Local grants and contracts. The primary cash outlays are payments of wages, benefits, vendors, and students related to the instruction program.

- General apportionment is the primary source of non-capital financing. The three main components of general apportionment are State apportionment, property taxes and enrollment fees.
- The primary use included in capital and related financing activities is the purchase of capital assets (buildingimprovements and equipment).
- Cash earned from investing activities is interest earned on cash in bank.

The District's Fiduciary Responsibility

The District is the trustee, or fiduciary, for certain amounts held on behalf of the students, clubs and donors for student loans and scholarships. The District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. These activities are excluded from the District's other financial statements because we cannot use these assets to finance operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes

Capital Assets

A comparison of capital assets, net of depreciation, is summarized below:

	 2022	2021	Change
Capital Assets not being depreciated	\$ 3,711,655 \$	1,313,775 \$	2,397,880
Capital Assets being depreciated	84,117,108	82,541,097	1,576,011
Accumulated depreciation	 (26,606,642)	(24,767,483)	(1,839,159)
Total Capital Assets	\$ 61,222,121 \$	59,087,389 \$	2,134,732

Debt

At June 30, 2022, the District had \$44,173,842 in long-term debt. A comparison of long-term debt is summarized below:

	2022	2021	Change
Net OPEB liability (asset)	\$ 1,591,663	\$ (31,783) \$	1,623,446
OPEB - Cash in lieu plan	3,647,150	2,764,406	882,744
Compensated absences	446,867	463,370	(16,503)
Net pension liability	10,699,208	19,444,754	(8,745,546)
Certificates of participation	11,555,000	12,120,000	(565,000)
General obligation bonds payable	14,623,625	15,033,625	(410,000)
Premiums and discounts	356,214	380,875	(24,661)
Accretion	1,254,115	1,156,916	97,199
Total Long-Term Liabilities	\$ 44,173,842	\$ 51,332,163 \$	(7,158,321)

Economic Factors

Palo Verde Community College once again saw an increase in enrollment over the previous year. As in past recent years, as other community colleges exceeded their capacity, Palo Verde College was able to provide educational services in those areas.

Due to COVID, the District saw a decline of enrollment. Therefore, the District submitted the COVID-19 Emergency Conditions Protections for Apportionment Calculations. The intent behind the regulation is that Districts should not lose FTES apportionment because of an emergency or extraordinary condition. AS the District's enrollment increases there may not be a need to continue with the Emergency conditions allowance. The District also received Federal CARES Act Funding to help mitigate the expenses related to COVID-19.

All industries, including community colleges, continue to experience increased costs for services and especially costs for employee benefits, insurance and utilities. Beginning 2002-2003, the District began making contributions to PERS for its employees and retirees. The PERS rate, for the year ending June 30, 2022, was 22.91%.

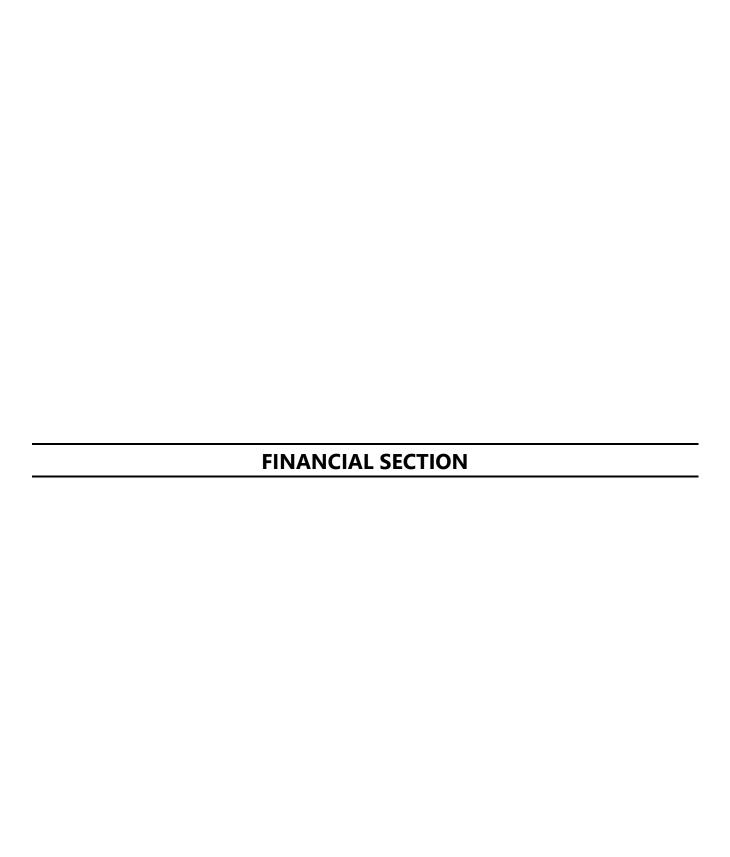

All community colleges will be facing higher STRS rates in the future due to recently passed legislation. The rates, ending June 30, 2015, were 8.88% and had been stable at that rate for many years. The STRS rate, for the year ending June 30, 2022, was 16.92%.

The District changed its approach to budget development in 2011-12, which included not using the ending balance as part of the budget, dividing up accountability of the budget monitoring, and creating a more transparent approach to observing and monitoring the budget. The District continued with this practice in the development of the 2022-23 budget.

Management will continue a close watch over resources to react to any internal or external issues, if and when they may arise.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the District's Office of Business Services, Palo Verde Community College, One College Drive, Blythe, California 92225.

NOTE 1 - ORGANIZATION

Palo Verde Community College District (the "District") is a political subdivision of the State of California and provides educational services to the local residents of the surrounding area. The District consists of one community college campus located in Blythe, California and one college campus located in Needles, California. The District operates under a locally elected seven-member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, capital project funds, and proprietary funds, but these budgets are managed at the department level.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

While the District is a political subdivision of the State, it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board ("GASB") Codification Section (Cod. Sec.) 2100.101. The District is classified as a state instrumentality under Internal Revenue Code Section 115.

The decision to include potential component units in the reporting entity was made by applying the criteria set forth in generally accepted accounting principles (GAAP) and GASB Cod. Sec. 2100.101 as amended by GASB Cod. Sec. 2100.138. The three criteria for requiring a legally separate, tax-exempt organization to be presented as a component unit are the "direct benefit" criterion, the "entitlement/ability to access" criterion, and the "significance" criterion. As defined by accounting principles generally accepted in the United States of America and established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, the District.

Basis of Presentation and Accounting

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB. Under this model, the District's financial statements provide a comprehensive entity-wide perspective of the District's financial position and activities. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when the obligation has been incurred. All significant intra-agency transactions have been eliminated.

Fiduciary funds for which the District acts only as an agent or trust are not included in the business-type activities of the District. These funds are reported in the Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position at the fund financial statement level.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include unrestricted cash with county treasury balances for purposes of the Statement of Cash Flows. Restricted cash and cash equivalents represent balances restricted by external sources such as grants and contracts or specifically restricted for the repayment of capital debt.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investments

The District records its investment in Riverside County Treasury at fair value. Changes in fair value are reported as revenue in the Statement of Revenues, Expenses and Changes in Net Position. The fair value of investments, at June 30, 2022, approximated their carrying value.

Restricted Assets

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets are classified on the Statement of Net Position because their use is limited by enabling legislation, applicable bond covenants, and other laws of other governments. Also, resources have been set aside to satisfy certain requirements of the bonded debt issuance and to fund certain capital asset projects.

Accounts Receivable

Accounts receivable consists primarily of amounts due from the Federal, State and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts. The District recognized for budgetary and financial reporting purposes any amount of State appropriations deferred from the current fiscal year and appropriated from the subsequent fiscal year for payment of current year costs as a receivable in the current year.

Prepaid Expenses

Prepaid expenses represent payments made to vendors and others for services that will benefit periods beyond June 30.

Capital Assets and Depreciation

Capital assets are recorded at cost at the date of acquisition. Donated capital assets are recorded at their estimated fair value at the date of donation. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life of greater than one year. Buildings, as well as renovations to buildings, infrastructures, and land improvements, that significantly increase the value or extend the useful life of the structure are capitalized.

Depreciation of capital assets is computed and recorded by the straight-line method over the following estimated useful life:

Asset Class	Estimated Useful Life
Buildings	50 years
Land improvements	10 years
Equipment and vehicles	8 years
Technology equipment	3 years

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Deferred Outflows / Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element – deferred outflows of resources – represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditures) until then. The District has three items that qualify for reporting in this category.

- Deferred Charge on Refunding: A deferred charge on refunding results from the difference in carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded date or refunding debt.
- Deferred Outflows-Pensions and OPEB: Deferred outflows of resources represent a consumption of net position by the District that is applicable to a future reporting period. The deferred outflows of resources related to pensions and OPEB resulted from District contributions to employee plans subsequent to the measurement date of the actuarial valuations for the plans. Deferred outflows are also recorded for the effects of actuarially-determined changes to the pension plan. These amounts are deferred and/or amortized as detailed in Notes 10 and 11 to the financial statements.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element – deferred inflows of resources – represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualifies for reporting in this category.

• Deferred Inflows-Pensions and OPEB: The deferred inflows or resources related to pensions and OPEB resulted from the effects of actuarially-determined changes to the pension and OPEB plans. These amounts are deferred and amortized as detailed in Notes 10 and 11 to the financial statements.

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as a liability of the District as compensated absences in the Statement of Net Position. The District has accrued a liability for the amounts attributable to load banking hours within accrued liabilities. Load banking hours consist of hours worked by instructors in excess of full-time load which they may carryover for future paid time off.

Sick leave benefits are accumulated without limit for each employee. Accumulated employee sick leave benefits are not recognized as a liability of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires and within the constraints of the appropriate retirement systems.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Unearned Revenue

Tuition and fees received prior to June 30 for classes and programs offered in the subsequent fiscal year are reported as unearned revenue. Cash received for Federal and State special projects and programs is recognized as revenue to the extent that qualified expenditures have been incurred. Unearned revenue is recorded to the extent that cash received on specific projects and programs exceeds qualified expenditures.

Noncurrent Liabilities

Noncurrent liabilities include bonds and notes payable, compensated absences, and OPEB obligations with maturities greater than one year.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Public Employees Retirement Plan (PERS) and the State Teachers Retirement Plan (STRS) and additions to/deductions from PERS and STRS' fiduciary net position have been determined on the same basis as they are reported by PERS and STRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Net Position

GASB Statements No. 34 and No. 35 report equity as "Net Position" and represents the difference between assets and liabilities. The net position is classified according to imposed restrictions or availability of assets for satisfaction of District obligations according to the following categories:

Invested in capital assets, net of related debt – This represents the District's total investment in capital assets, net of associated outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted – Net position is reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the District, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

Unrestricted – Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed.

State Apportionments

Certain current year apportionments from the State are based on various financial and statistical information of the previous year. Any prior year corrections due to a recalculation will be recorded in the year computed by the State.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Property Taxes

Secured property taxes are attached as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1. Unsecured property taxes are payable in one installment on or before August 31. The County of Riverside bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when the County notifies the District of the availability of the revenues. A receivable has been accrued to reflect the amount of property taxes receivable at June 30, 2022.

Board of Governors Grants (BOGG) and Fee Waivers

Student tuition and fee revenues and certain other revenues are reported, net of allowances and fee waivers approved by the Board of Governors through BOGG fee waivers in the statement of revenues, expenses and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods, and the goods and services provided by the District and the amount that is paid by students and/or third parties making payments on the students' behalf. To the extent that fee waivers have been used to satisfy tuition and fee charges, the District has recorded a scholarship discount and allowance.

Federal Financial Assistance Program

The District participates in federally funded Pell Grants, SEOG grants, and Federal Work-Study programs, as well as other programs funded by the Federal government. Financial aid to students is reported as other revenue. The amount reported as other revenue represents the portion of aid that was provided to the student in the form of cash. These programs are audited in accordance with Title 2 *U.S. Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*.

On-Behalf Payments

GASB Cod. Sec N50 requires that direct on-behalf payments for benefits and salaries made by one entity to a third party recipient for the employees of another, legally separate entity be recognized as revenue and expenditures by the employer government. The State of California makes direct on-behalf payments for retirement benefits to the State Teachers Retirement System on behalf of all Community Colleges in California.

Classification of Revenues

The District has classified its revenues as either operating or non-operating. Certain significant revenue streams relied upon for operations are recorded as non-operating revenues as defined by GASB Cod. Sec. C05.101, including state appropriations, local property taxes, and investment income. Nearly all of the District's expenses are from exchange transactions.

Revenues are classified according to the following criteria:

Operating revenues and expenses – Operating revenues and expenses include activities that have the characteristics of exchange transactions, such as: (1) student tuition and fees, net of fee waivers and allowances, (2) sales and services of auxiliary enterprises, and (3) most Federal, State and local grants and contracts and Federal appropriations. All expenses are considered operating expenses except for interest expense on capital asset related debt.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Classification of Revenues, continued

Non-operating revenues and expenses – Non-operating revenues include activities that have the characteristics of nonexchange transactions, such as Pell grants, gifts and contributions, and other revenue sources described in GASB Cod. Sec. C05.101, such as State appropriations and investment income. Interest expense on capital related debt is the only non-operating expense.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Interfund Activity

Interfund transfers and interfund receivables and payables are eliminated within the primary government funds during the consolidation process in the entity-wide financial statements.

New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that may impact future financial presentations.

GASB Statement No. 87 – In June 2017, GASB issued Statement No. 87, *Leases*. This standard's primary objective is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The statement is effective for periods beginning after June 15, 2022. The District has implemented GASB Statement No. 87 for the year ending June 30, 2022.

GASB Statement No. 88 – In April 2018, GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. This standard's primary objective is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The statement is effective for periods beginning after June 15, 2020. The District has implemented GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* for the year ended June 30, 2022.

GASB Statement No. 96 – *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). Under this Statement, a government generally should recognize a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, which is when the subscription asset is placed into service. The statement is effective for fiscal year 2022-23.

NOTE 3 – DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

As provided for by the Education Code, Section 41001, a significant portion of the District's cash balances of most funds is deposited with the Riverside County Treasurer for the purpose of increasing interest earnings through County investment activities. The California Government Code requires California banks and savings and loan associations to secure the District's deposits by pledging government securities as collateral. The market value of pledged securities must equal 110 percent of an agency's deposits. California law also allows financial institutions to secure an agency's deposits by pledging first trust deed mortgage notes having a value of 150 percent of an agency's total deposits and collateral is considered to be held in the name of the District. Substantially all cash held by financial institutions is entirely insured or collateralized.

Cash and equivalents, as of June 30, 2022, consist of the following:

	Governmental			Fiduciary
Governmental Funds:		Funds		Funds
Cash in County Treasury	\$	25,834,093	\$	-
Cash on hand and in banks		9,496		93,526
Cash in revolving		5,000		
Total cash and cash equivalents	\$	25,848,589	\$	93,526

Policies and Practices

Under provision of the District's investment policy, and in accordance with Section 53601 and 53602 of the California Government Code, the District may invest in the following types of investments: The District is authorized under California Government Code to make direct investments in local agency bonds, notes or warrants with the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium-term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized obligations.

Investment in County Treasury

In accordance with the Budget and Accounting Manual, the District maintains a significant portion of its cash in the Riverside County Treasury as part of the common investment pool. These pooled funds are carried at cost which approximates fair value. The fair market value of the District's deposits in this pool, as of June 30, 2022, as provided by the pool sponsor, was \$25,239,005 with an average maturity of 1.19 years. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

NOTE 3 - DEPOSITS AND INVESTMENTS, continued

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedule below:

	Maximum	Maximum	Maximum
Authorized	Remaining	Percentage	Investment in
Investment Type	Maturity	of Portfolio	One Issuer
Local Agency bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. Government Code Sections 16430 and 53601 allow governmental entities to invest surplus moneys in certain eligible securities. The District has no investment policy that would further limit its investment choices.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk, but all public funds are invested in bonds or governmental backed (collateralized) securities at 110% on the amount of deposit.

NOTE 3 - DEPOSITS AND INVESTMENTS, continued

Concentration of Credit Risk

Concentration of credit risk is the risk of a loss attributed to the magnitude of a government's investment in a single issuer. The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. District investments that are greater than 5 percent of total investments are in either an external investment pool or mutual funds and are therefore exempt.

NOTE 4 – RECEIVABLES

Receivables, at June 30, 2022, consist of the following and are considered collectible in full:

	 Federal		State	Other	Total		
General fund	\$ 273,629	\$	349,852	\$ 199,420	\$	822,901	
Child development fund	-		282,419	-		282,419	
Capital outlay fund	-		-	18,260		18,260	
Bookstore fund	-		-	599		599	
Self insurance fund	-		-	1,216		1,216	
Student financial aid fund	-		-	2		2	
	\$ 273,629	\$	632,271	\$ 219,497	\$	1,125,397	

NOTE 5 - NOTE RECEIVABLE

In August 2013, the District sold property located on Spring Street in Blythe, California for \$400,000. The District received a down payment of \$80,000 and a note receivable for \$320,000. The note is payable, principal and interest at 5%, in monthly installments of \$1,871. The note matures in January, 2029 and has a principal receivable balance of \$185,331 at June 30, 2022.

NOTE 6 – CAPITAL ASSETS

The following provides a summary of changes in capital assets for the year ended June 30, 2022:

	Balance				Balance
	 July 1, 2021	Additions	Deductions	Jı	une 30, 2022
Capital Assets not being Depreciated					
Land	\$ 1,055,937	\$ -	\$ -	\$	1,055,937
Construction in progress	 257,838	3,042,365	644,485		2,655,718
Total Capital Assets not being Depreciated	1,313,775	3,042,365	644,485		3,711,655
Capital Assets being Depreciated					
Buildings	77,226,331	644,485	-		77,870,816
Site improvements	1,343,653	-	-		1,343,653
Equipment	3,645,741	746,352	-		4,392,093
Vehicles	325,372	185,174	-		510,546
Total Capital Assets being Depreciated	82,541,097	1,576,011	-		84,117,108
Total Capital Assets	 83,854,872	4,618,376	644,485		87,828,763
Less Accumulated Depreciation					
Buildings	21,241,612	1,627,093	-		22,868,705
Site improvements	906,571	45,496	-		952,067
Equipment	2,486,352	120,809	-		2,607,161
Vehicles	132,948	45,761	-		178,709
Total Accumulated Depreciation	24,767,483	1,839,159	-		26,606,642
Net Capital Assets	\$ 59,087,389	\$ 2,779,217	\$ 644,485	\$	61,222,121

NOTE 7 – ACCOUNTS PAYABLE

Accounts payable, at June 30, 2022, consisted of the following:

	Go	Governmental						
		Funds						
Interest	\$	210,651						
Payroll		7,324						
Construction		2,363,606						
Vendors		2,152,824						
	\$	4,734,405						

NOTE 8 – INTERFUND TRANSACTIONS

Interfund Receivables and Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund activity, within the governmental funds and fiduciary funds, have been eliminated respectively in the consolidation process of the basic financial statements. Balances owing between the primary government and the fiduciary funds are not eliminated in the consolidation process.

Interfund Operating Transfers

Operating transfers between funds of the District are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use restricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Operating transfers within the funds of the District have been eliminated in the consolidation process. Transfers between the primary government and the fiduciary funds are not eliminated in the consolidation process.

NOTE 9 – LONG-TERM OBLIGATIONS

Long-term obligations, for the fiscal year ended June 30, 2022, are summarized as follows:

Balance								Balance	Due within
		Iuly 1, 2021		Additions		Deductions	Jι	ine 30, 2022	One Year
Net OPEB liability (asset)	\$	(31,783)	\$	1,623,446	\$	-	\$	1,591,663	\$ -
OPEB - Cash in lieu plan		2,764,406		882,744		-		3,647,150	-
Compensated absences		463,370		-		16,503		446,867	-
Net pension liability		19,444,754		-		8,745,546		10,699,208	-
Certificates of participation		12,120,000		-		565,000		11,555,000	590,000
General obligation bonds payable		15,033,625		-		410,000		14,623,625	455,000
Premiums and discounts		380,875		-		24,661		356,214	-
Accretion		1,156,916		97,199		-		1,254,115	-
Total Long-Term Debt	\$	51,332,163	\$	2,603,389	\$	9,761,710	\$	44,173,842	\$ 1,045,000

The compensated absences are paid by the fund for which the employees' salaries are paid from.

NOTE 9 - LONG-TERM OBLIGATIONS, continued

Certificates of Participation

In September 2006, the District approved certificates of participation (COPs) in the amount of \$18.6 million, to assist in providing timely cash flows during the construction period of the Physical Education Complex and the chiller plant until State reimbursements were received. The projects were completed in the Fall of 2008 and were 100% State reimbursed. The additional proceeds from the certificates of participation were used for computer upgrades for the District and other capital renovations on the Blythe and Needles campuses.

The District refinanced these Certificates of Participation in July 2008 taking advantage of lower interest rates. The District entered into these Certificates of Participation for working capital for construction projects, the Fine and Performing Arts Complex and Management Information Systems, due to the delay of payments for these projects approved by the State and the possibility that costs for some projects would exceed appropriated funds.

The District's intentions for budgeting for repayment of these obligations were that upon receipt of reimbursement by the State, the monies were to be set aside in an interest-bearing account. Monthly payments would be made from the interest bearing account leaving the balance to continue to earn interest; it was also the District's intention to not use the funds for backfill of general funds.

In March, 2016, the District retired \$15,130,000 of the outstanding certificates of participation through the issuance of 2014 Series A General Obligation Bonds and a \$6,000,000 contribution from the District.

In December, 2016, the District issued \$14,155,000 of 2016 Refunding Certificates of Participation. The COPS were issued to refund the remaining portion of the 2008 Certificates of Participation. The bonds require principal and interest payments through August 1, 2045. Annual interest rate for these bonds range from 2.0%-4.0%.

The annual debt requirements on these certificates, payable as of June 30, 2022, are as follows:

Year Ended					
June 30,	Principal	Interest	t	Total	
2023	\$ 590,000	\$	439,787	\$	1,029,787
2024	615,000		416,187		1,031,187
2025	640,000		391,588		1,031,588

	\$ 11,555,000	\$:	3,891,851	\$	15,446,851

NOTE 9 - LONG-TERM OBLIGATIONS, continued

General Obligation Bonds Payable

General obligation bonds of up to \$6,000,000 were approved by election in June 2005 and were to be used to finance real property improvements to the District's Needles campus. In October 2005, the District issued the first series on these available bonds amounting to \$2,946,254. The District took a second drawdown in September 2006, amounting to \$3,053,625. The improvements on the Needles campus were completed in the Fall of 2009. All debt repayments will be made by the County from property tax revenues.

In March, 2016, the District issued \$3,470,000 of 2016 General Obligation Refunding Bonds. The bonds were issued to refund a portion of the 2005 bonds and a portion of the 2006 bonds. The bonds required principal and interest payments through August 1, 2035. Annual interest rates for these bonds range from 2.0%-4.0%. The refunding resulted in a difference between the reacquisition price and the net carrying value of the old debt of \$58,873. This difference, reported in the accompanying financial statements as a deferred loss on refunding, is being charged to operations through the year 2035 using the straight-line method.

In March, 2016 the District issued \$12,500,000 of 2014 Series A General Obligation Bonds. The bonds were issued to refund a portion of the Certificates of Participation, as well as provide for the acquisition, construction, and improvements of additional educational facilities. The bonds require principal and interest payments through August 1, 2045. Annual interest rates for these bonds range from 2.0%-4.0%.

A portion of the net proceeds, after issuance costs of \$291,970, (along with a District contribution of \$6,000,000) were used to purchase U.S. Government securities for the purpose of paying the debt requirements of \$15,130,000 of the outstanding Certificates of Participation. As a result, a portion of the Certificates of Participation are considered to be defeased and the liability for those certificates has been removed from the government-wide statement of net assets. The advance refunding resulted in a difference between the reacquisition price and the net carrying of the old debt of \$692,535. This difference, reported in the accompanying financial statements as a deferred loss on refunding, is being charged to operations through the year 2035 using the straight-line method.

The annual debt requirements on these bonds payable, as of June 30, 2022, are as follows:

Year Ended					
June 30,	Principal	Interest	Accreted Interest		Total
2023	\$ 455,000	\$ 498,737	\$	-	\$ 953,737

NOTE 10 – POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFIT (OPEB) OBLIGATION

For the fiscal year ended June 30, 2022, the District reported net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense for the following plans:

		Net OPEB	D	eferred Outflows		Deferred Inflows		OPEB
OPEB Plan	Lia	bility (Asset)	of Resources		of Resources of Resources		E>	(pense (Benefit)
 District Plan	\$	1,591,663	\$	644,060	\$	77,447	\$	1,080,151

Plan Description

The District offers post-employment medical insurance to its eligible retirees. Integrated medical/prescription drug coverage is provided through CalPERS under the Public Employees Medical and Hospital Care Act (PEMHCA). Eligible retirees can choose from the PERSCare and PERSChoice PPOs.

The District's governing board administers the Postemployment Benefits Plan (the Plan). The Plan is a single-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses.

The District pays the full cost for the employee and/or dependent coverage under the above plans for eligible retirees.

The District offers the same medical plans to its retirees as to its active employees, with the general exception that once a retiree become eligible for Medicare (that is, reaches age 65), he or she must join a Medicare Supplement PPO, with Medicare becoming the primary payor. The District does not contribute to dental and vision insurance for retirees.

Employees become eligible to receive District-paid healthcare benefits upon attainment of age 50 and 5 years of covered PERS service or upon disability before age 50. Benefits are paid for the lifetime of the retiree. Employees are eligible for full retirement benefits at age 55. Employees hired on or after January 1, 2013, and who are not defined as "classic employees" by CalPERS, are eligible for full retirement benefits at age 62.

Employees covered by benefit terms

As of the June 30, 2022 actuarial valuation, the following current and former employees were covered by the benefit terms under the OPEB plan:

	Number of
	Participants
Inactive Employees Receiving Benefits	4
Active Employees	94
	98

Number of

NOTE 10 – POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFIT (OPEB) OBLIGATION, continued

Total OPEB Liability

The District's total OPEB liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date, based on the following actuarial methods and assumptions:

Valuation date June 30, 2022 Measurement date June 30, 2022

Fiscal year July 1st to June 30th

Inflation rate 2.50%
Investment rate of return 4.75%
Salary Increase 2.75%
Healthcare cost trend rate 4.00%

Pre-retirement mortality rate

Certificated 2020 CalSTRS Mortality
Classified 2017 CalPERS Active Mortality
for Miscellaneous Employees

Post-retirement mortality rate

Certificated 2020 CalSTRS Mortality

Classified Hired Before 1/1/2013: 2017 CalPERS

Retirement Rates for School Employees Hired After 12/31/2012: 2017 CalPERS Retirement for Miscellaneous Employees 2% at 60 adjusted to minimum retirement

age of 52

Discount Rate

The discount rate used to measure the total OPEB liability was 4.75% which was based on historic 20-year real rates of return for each asset class along with assumed long-term inflation assumptions.

NOTE 10 – POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFIT (OPEB) OBLIGATION, continued

Changes in the Net OPEB Liability

The changes in the net OPEB liability for the OPEB plan are as follows:

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the Total OPEB liability, as well as what the Total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	Di	scount Rate	Current		Discount Rate
	•	1% Lower		Discount Rate	1% Higher
		(3.75%)		(4.75%)	(5.75%)
Net OPEB liability	\$	1,835,755	\$	1,591,663	\$ 1,370,747

NOTE 10 – POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFIT (OPEB) OBLIGATION, continued

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Trend Rate

The following presents the Total OPEB liability, as well as what the Total OPEB liability would be if it were calculated using a healthcare trend rate that is 1 percentage point lower or 1 percentage point higher than the current healthcare trend rate:

	Trend Rate	Current	Trend Rate
	1% Lower	Trend Rate	1% Higher
	(3.00%)	(4.00%)	(5.00%)
Net OPEB liability	\$ 1,319,446	\$ 1,591,663	\$ 1,912,669

<u>Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB</u>

At June 30, 2022, the District's deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources are:

	Deferred Outflows		Defe	rred Inflows
	of Resources		of Resources	
Differences between projected and				_
actual earnings on plan investments	\$	79,866	\$	-
Differences between expected and				
actual experience		532,044		-
Change in assumptions		32,150		77,447
	\$	644,060	\$	77,447

Amounts reported as deferred outflows and deferred inflows of resources will be recognized in OPEB expense asfollows:

	Deferred Outflows (Inflows)				
Year Ended June 30,	of Resources				
2023	\$ 47,51	7			
2024	47,51	19			
2025	53,58	39			
2026	75,48	31			
2027	36,06	50			
Thereafter	306,44	17			
	\$ 566,61	13			

OPEB Expense

For the year ended June 30, 2022, the District recognized OPEB expense of \$1,080,151.

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS). The District reported its proportionate share of the net pension liabilities, pension expense, deferred outflow of resources, and deferred inflow of resources for each of the above plans as follows:

			(Collective	(Collective		
	Co	ollective Net	Defer	red Outflows	Def	erred Inflows	(Collective
Pension Plan	Per	nsion Liability	of	Resources	of	Resources	Pen	sion Expense
CalSTRS	\$	4,507,722	\$	2,541,893	\$	4,720,477	\$	407,184
CalPERS		6,191,486		2,034,875		2,444,810		923,966
Total	\$	10,699,208	\$	4,576,768	\$	7,165,287	\$	1,331,150

California State Teachers' Retirement System (CalSTRS)

Plan Description

Palo Verde Community College District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2020, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: http://www.calstrs.com/member-publications.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

This STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and non-employer contributing entity to the STRP.

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS, continued

California State Teachers' Retirement System (CalSTRS), continued

Benefits Provided, continued

The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans.

The STRP provisions and benefits in effect at June 30, 2022, are summarized as follows:

	STRP Defined Benefit Plan			
	On or before	On or after		
Hire date	December 31, 2012	January 1, 2013		
Benefit formula	2% at 60	2% at 62		
Benefit vesting schedule	5 years of service	5 years of service		
Benefit payments	Monthly for life	Monthly for life		
Retirement age	60	62		
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%		
Required employee contribution rate	10.25%	10.205%		
Required employer contribution rate	16.92%	16.92%		
Required state contribution rate	10.828%	10.828%		

^{*}The rate imposed on CalSTRS 2% at 62 members assuming no change in the normal cost of benefits.

Contributions

Required member District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven year period. The contribution rates for each plan for the year ended June 30, 2022, are presented above and the District's total contributions were \$1,121,516.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

At June 30, 2022, Palo Verde Community College District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to Palo Verde Community College District. The amount recognized by Palo Verde Community College District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with Palo Verde Community College District were as follows:

District's proportionate share of the net pension liability	\$ 4,507,722
State's proportionate share of the net pension liability	
associated with the District	2,268,158
Total	\$ 6,775,880

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS, continued

California State Teachers' Retirement System (CalSTRS), continued

<u>Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions, continued</u>

The net pension liability was measured as of June 30, 2021. Palo Verde Community College District's proportion of the net pension liability was based on a projection of Palo Verde Community College District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. At June 30, 2021, the District's proportion was 0.010% which is a decrease of 0.001% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the Palo Verde Community College District recognized pension expense of \$407,184. At June 30, 2022, the Palo Verde Community College District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of		Deferred Inflows of	
	Resources			Resources
Difference between projected and actual earnings on				_
plan investments	\$	-	\$	3,565,980
Differences between expected and actual experience		11,292		479,815
Changes in assumptions		638,485		-
Net changes in proportionate share of net pension liability		770,600		674,682
District contributions subsequent to the measurement date		1,121,516		
Total	\$	2,541,893	\$	4,720,477

Amounts other than contributions subsequent to the measurement date reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

		Deferred			
	Ou	tflows/(Inflows)			
Year Ended June 30,	C	of Resources			
2023	\$	(532,289)			
2024		(437,840)			
2025		(1,030,253)			
2026		(1,205,306)			
2027		(46,739)			
Thereafter		(47,673)			
	\$	(3,300,100)			

NOTE 11 - EMPLOYEE RETIREMENT SYSTEMS, continued

California State Teachers' Retirement System (CalSTRS), continued

Actuarial Assumptions

Total pension liability for STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020, and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following methods and assumptions, applied to all prior periods included in the measurement:

June 30, 2020
June 30, 2021
July 1, 2015, through June 30, 2018
Entry Age Normal
7.10%
7.10%
2.75%
3.50%

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant and adopted by the CalSTRS Board in January 2020 in conjunction with the most recent experience study. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized herein.

	Assumed Asset	Long-term Expected
Asset Class	Allocation	Real Rate of Return*
Public Equity	42%	4.8%
Real Estate	15%	3.6%
Private Equity	13%	6.3%
Fixed Income	12%	1.3%
Risk Mitigating Strategies	10%	1.8%
Inflation Sensitive	6%	3.3%
Cash/Liquidity	2%	-0.4%
	100%	
*20-year average		_

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS, continued

California State Teachers' Retirement System (CalSTRS), continued

Discount Rate

The discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10%) and assuming that contributions, benefit payments, and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Sensitivity of the Palo Verde Community College District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u>

The following presents the Palo Verde Community College District's proportionate share of the net pension liability of the each risk pool as of the measurement date, calculated using the discount rate, as well as what the Palo Verde Community College District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

	1%		Current	1%
	Decrease	D	iscount Rate	Increase
	 (6.10%)		(7.10%)	(8.10%)
Plan's net pension liability	\$ 9,176,108	\$	4,507,722	\$ 633,050

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees Retirement System (CalPERS)

Plan Description

All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (the Plan), administered by the California Public Employees' Retirement System (CalPERS). The Plan's benefit provisions are established by statute. The Plan is included as a pension trust fund in the CalPERS Comprehensive Annual Financial Report, which is available online at www.calpers.ca.gov.

The Plan consists of a school pool (referred to as "risk pool"), which is comprised of individual employer rate plans, including those of the Palo Verde Community College District.

Benefits Provided

The Plan provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Classic members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. PEPRA members with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law. The Plans' provisions and benefits in effect at June 30, 2022, are summarized as follows:

	School Employer Pool (CalPERS)			
	On or before	On or after		
Hire date	December 31, 2012	January 1, 2013		
Benefit formula	2% at 55	2% at 62		
Benefit vesting schedule	5 years of service	5 years of service		
Benefit payments	Monthly for life	Monthly for life		
Retirement age	55	62		
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%		
Required employee contribution rate	7.000%	7.000%		
Required employer contribution rate	22.910%	22.910%		

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees Retirement System (CalPERS), continued

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the CalPERS actuary and shall be effective on the July 1 following notice of a change in the rate. Contribution rates for the employer rate plans are determined through the CalPERS' annual actuarial valuation process. Each employer rate plan's actuarially determined rate is based on the estimated amount necessary to pay the employer rate plan's allocated share of the cost of benefits earned by employees during the year, and any unfunded accrued liability. The Palo Verde Community College District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2022 are as presented above and the total District contributions were \$1,063,633.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2022, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$6,191,486. The net pension liability was measured as of June 30, 2021. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating districts, actuarially determined. At June 30, 2021, the District's proportion was 0.03% which remained the same from its proportion measured as of June 30, 2020. For the year ended June 30, 2022, the Palo Verde Community College District recognized pension expense of \$923,966. At June 30, 2022, the Palo Verde Community College District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Difference between projected and actual earnings on plan investments
Differences between expected and actual experience
Net changes in proportionate share of net pension liability
District contributions subsequent to the measurement date
Total

Dete	erred Outflows of	De	eterred inflows of
	Resources		Resources
\$	-	\$	2,376,107

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees Retirement System (CalPERS), continued

<u>Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions, continued</u>

Amounts other than contributions subsequent to the measurement date reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

		Deferred
	Out	flows/(Inflows)
Year Ended June 30,	c	of Resources
2023	\$	(190,577)
2024		(236,151)
2025		(437,202)
2026		(609,638)
	\$	(1,473,568)

Actuarial Assumptions

The total pension liabilities in the June 30, 2020 actuarial valuations were determined using the following actuarial assumptions:

Valuation date	June 30, 2020
Measurement date	June 30, 2021
Experience study	July 1, 1997, through June 30, 2015
Actuarial cost method	Entry Age Normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

Mortality assumptions are based on mortality rates resulting from the most recent CalPERS experience study adopted by the CalPERS Board. For purposes of the post-retirement mortality rates, those revised rates include 15 years of mortality improvements using 90% of scale MP 2016 published by the Society of Actuaries.

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees Retirement System (CalPERS), continued

Actuarial Assumptions, continued

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized herein.

	Assumed Asset	Real Return	Real Return
Asset Class*	Allocation	Years 1 - 10**	Years 11+***
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
Inflation Assets	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
	100%		

^{*}In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

Discount Rate

The discount rate used to measure the total pension liability was 7.15% and reflects the long-term expected rate of return for the Schools Pool Plan net of investment expenses and without reduction for administrative expenses. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the Schools Pool Plan fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

^{**}An expected inflation of 2.0% used for this period

^{***}An expected inflation of 2.92% used for this period

NOTE 11 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees Retirement System (CalPERS), continued

Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	 (6.15%)	(7.15%)	(8.15%)
Plan's net pension liability	\$ 10,439,714	\$ 6,191,486	\$ 2,664,545

Social Security

As established by Federal law, all public sector employees who are not members of their employer's existing retirement systems (CalSTRS or CalPERS) must be covered by social security or an alternative plan. The District has elected to use Social Security as its alternative plan.

On Behalf Payments

The District was the recipient of on-behalf payments made by the State of California to CalSTRS for community college education. These payments consist of state general fund contributions of approximately \$617,774 to CalSTRS.

NOTE 12 – FUNCTIONAL EXPENSES

The table below illustrates the functional expenses by function categories for the year ended June 30, 2022:

NOTE 13 – COMMITMENTS AND CONTINGENCIES

Grants

The District has received State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditures disallowances under terms of the grants, it is believed that any required reimbursement will not be material.

Litigation

The District may be involved in various litigations arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2022.

Construction Commitments

As of June 30, 2022, the District had no construction commitments with respect to unfinished capital projects.

NOTE 14 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District's risk management activities are recorded in the General Fund. The District participates in various public entity risk pools (JPAs) for its health and welfare benefits, workers' compensations benefits, and property/liability insurance. Refer to Note 15 for additional information regarding the JPAs.

NOTE 15 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

Palo Verde Community College District participates in five joint ventures under joint powers agreements (JPAs): Community Colleges of Riverside County Self Insurance Program for Employees (CCRCSIPE), Schools Excess Liability Fund (SELF), State Wide Association of Community Colleges (SWACC), Riverside County Employer/Employee Partnership for Benefits Plan (REEP) and Riverside Schools Risk Management Association (RSRMA). The relationships between the District and JPA's are such that the JPA's are not a component unit of the Palo Verde Community College District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are available from the respective entities.

NOTE 16 – SUBSEQUENT EVENTS

The District has evaluated subsequent events through December 23, 2022, which is the date these financial statements were issued. All subsequent events requiring recognition, as of June 30, 2022, have been incorporated into these financial statements herein.

PALO VERDE COMMUNITY COLLEGE DISTRICT NOTE TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDE JUNE 30, 2022

NOTE 1 – PURPOSE OF SCHEDULES

Schedule of Changes in Net OPEB Liability and Related Ratios

The Schedule of Changes in Net OPEB liability is presented to illustrate the elements of the District's Net OPEB liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Changes of Benefit Terms - There are no changes in benefit terms reported in the Required Supplementary Information.

Changes of Assumptions - There are no changes in assumptions reported in the Required Supplementary Information.

<u>Schedule of Contributions – OPEB</u>

This schedule presents information on the District's actuarially determined contribution, contributions in relation to the actuarially determined contribution, and any excess or deficiency related to the actuarially determined contribution. In the future, as data becomes available, 10 years of information will be presented Schedule of Proportionate Share of the Net Pension Liability

Schedule of Proportionate Share of the Net Pension Liability

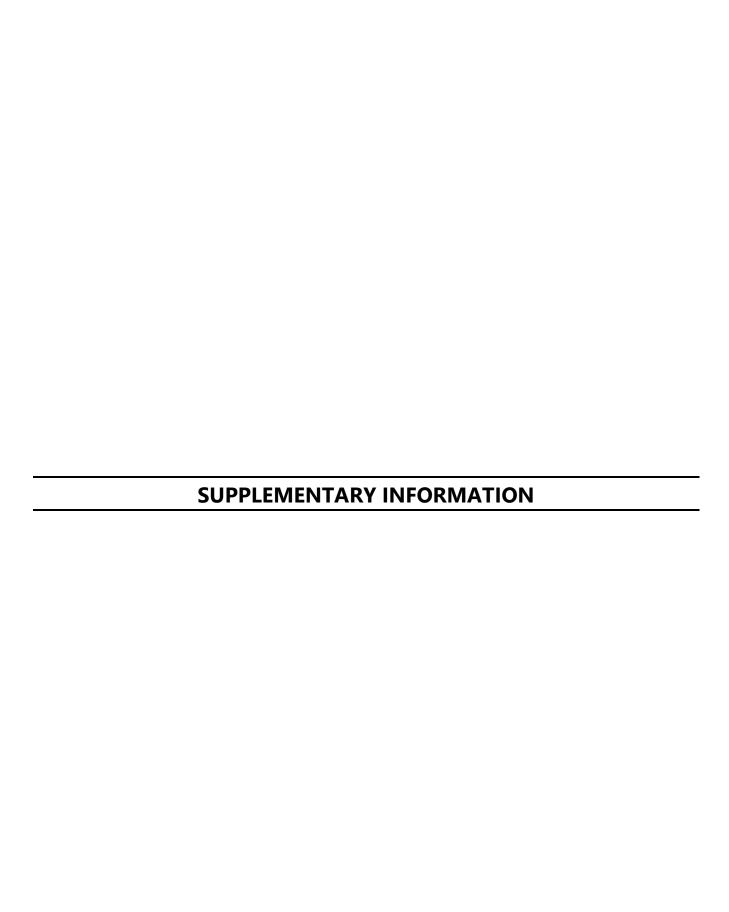

The Schedule of the District's Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District's Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Changes of Benefit Terms - There are no changes in benefit terms reported in the Required Supplementary Information.

Changes of Assumptions - There are no changes in assumptions reported in the Required Supplementary Information.

Schedule of Contributions – Pensions

The Schedule of the District's Contributions is presented to illustrate the District's required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10- year trend is compiled, governments should present information for those years for which information is available.

PALO VERDE COMMUNITY COLLEGE DISTRICT HISTORY AND ORGANIZATION FOR THE YEAR ENDED JUNE 30, 2022

ORGANIZATION

The Palo Verde Community College was established in 1947 and became a separate district in 1973. The District is located in the eastern portion of Riverside County. The District annexed the City of Needles during 1999. There were no other changes to the boundaries of the District during the year. The District operates a campus in Blythe, California and a campus in Needles, California. The District relocated to its newly constructed campus in Blythe in August, 2001.

The District provides the first two years of instruction transferable to accredited four-year colleges and universities, as well as vocational and technical education.

BOARD OF TRUSTEES

The District is governed by a Board of Trustees, consisting of five members, who are elected to staggered four-year terms. The members and officers of the Board of Trustees, as of June 30, 2022, were as follows:

GOVERNING BOARD

MEMBER	OFFICE	TERM EXPIRES
Stella Camargo-Styers	President	2024
Angel Ramirez	Vice-President	2022
George Thomas	Clerk	2024
Brad Arneson	Trustee	2022
Stacy Davis	Trustee	2024
Jon McNeil	Trustee	2024
Stacy R. Davis	Trustee	2024
Jade Torres	Student Trustee	2023

PALO VERDE COMMUNITY COLLEGE DISTRICT NOTE TO SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1 – PURPOSE OF SCHEDULES

History and Organization

This schedule provides information about the District's organization, members of the governing board, and administration members.

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The District has not elected to use the ten percent de minimis cost rate as allowed under Uniform Guidance.

The District does not provide Federal awards to subrecipients during the year ended June 30, 2022.

Schedule of Expenditures of State Awards

The accompanying Schedule of Expenditures of State Awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

Schedule of Workload Measures for State General Apportionment - Annual/Actual Attendance

FTES is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

Reconciliation of Education Code Section 84362 (50 percent Law) Calculation

ECS 84362 requires the District to expend a minimum of 50 percent of the unrestricted General Fund monies on salaries of classroom instructors. This is reported annually to the State Chancellor's Office. This schedule provides a reconciliation of the amount reported to the State Chancellor's Office and the impact of any audit adjustments and/or corrections noted during the audit.

Education Protection Account (EPA) Expenditure Report

This schedule provides the District's summary ofreceipts and uses of the monies received through the EPA.

Reconciliation of Fund Equity to Net Position

This schedule provides a reconciliation of the adjustments necessary to bring the District's internal fund financial statements, prepared on a modified accrual basis, to the entity-wide full accrual basis financial statements required under GASB Statements No. 34 and No. 35 business-type activities reporting model.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees
Palo Verde Community College District
Blythe, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, fiduciary activities, and the aggregate remaining fund information of Palo Verde Community College District (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 23, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

WOL, Certiful Poblic Accountants

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

San Diego, California

December 23, 2022

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees Palo Verde Community College District Blythe, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Palo Verde Community College District's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the year ended June 30, 2022. The District's major Federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Palo Verde Community College District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Palo Verde Community College District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Palo Verde Community College District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Palo Verde Community College District's compliance based on our audit.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate it would influence the judgment made by a reasonable user of the report on compliance about Palo Verde Community College District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding Palo Verde Community College District's compliance with the
 compliance requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of Palo Verde Community College District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Palo Verde Community College District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

WOL, Certiful Poblic Accountants

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

The Board of Trustees Palo Verde Community College District Blythe, California

Report on State Compliance Opinion on State Compliance

We have audited Palo Verde Community College District's (the District) compliance with the types of compliance requirements as identified in the *California Community Colleges Contracted District Audit Manual 2021-22*, published by the California Community Colleges Chancellor's Office, for the year ended June 30, 2022. The applicable state compliance requirements are identified in the table below.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2022.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2021-22*, issued by the California Community Colleges Chancellor's Office. Our responsibilities under those standards and the compliance requirements are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Palo Verde Community College District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for program. Our audit does not provide a legal determination of Palo Verde Community College District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements of State laws and regulations, and the terms and conditions identified in the California Community Colleges Chancellor's Office *District Audit Manual* 2021-22.

Auditors' Responsibilities for the Audit of Compliance

Our responsibility is to express an opinion on compliance of each of the District's State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the standards and procedures identified in the *California Community Colleges Chancellor's Office Contracted District Audit Manual 2021-22*. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above could have a material effect on the applicable programs noted below. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with State laws and regulations applicable to the following:

Section 411 – SCFF Data Management Control Environment

Section 412 – SCFF Supplemental Allocation Metrics

Section 413 – SCFF Success Allocation Metrics

Section 421 – Salaries of Classroom Instructors (50 Percent Law)

Section 423 – Apportionment for Activities Funded From Other Sources

Section 424 – Student Centered Funding Formula Base Allocation: FTES

Section 425 - Residency Determination for Credit Courses

Section 426 – Students Actively Enrolled

Section 427 – Dual Enrollment (CCAP)

Section 430 – Scheduled Maintenance Program

Section 431 - Gann Limit Calculation

Section 444 – Apprenticeship Related and Supplemental Instruction (RSI) Funds

Section 475 – Disabled Student Programs and Services (DSPS)

Section 490 – Propositions 1D and 51 State Bond Funded Projects

WOL, Certiful Poblic Accountants

Section 491 – Education Protection Account Funds

Section 492 – Student Representation Fee

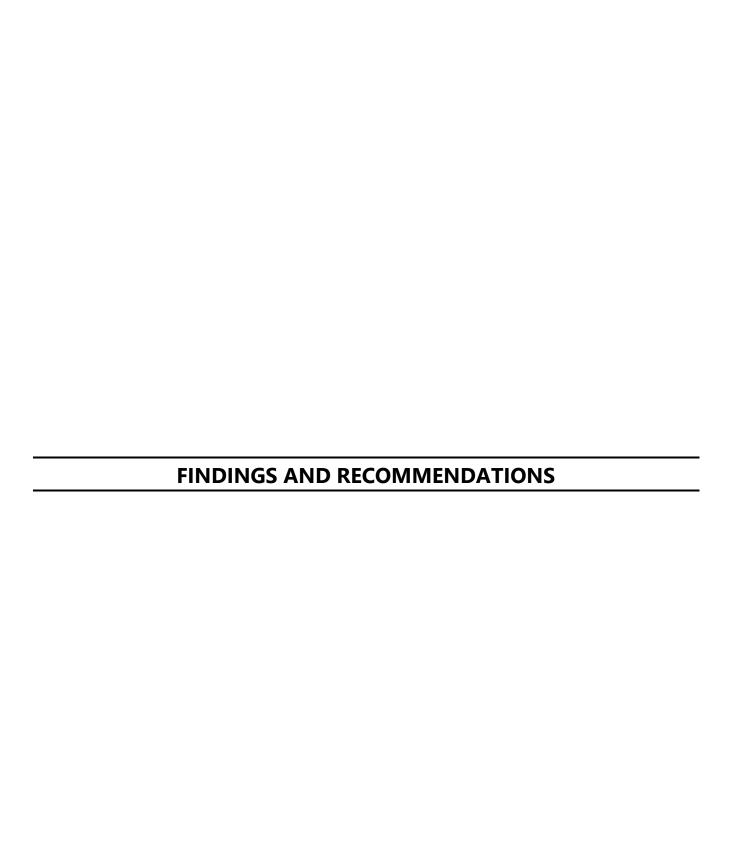

Section 499 – COVID-19 Response Block Grant Expenditures

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2021-22*. Accordingly, this report is not suitable for any other purpose.
