

PALO VERDE COLLEGE

WHERE KNOWLEDGE TAKES ROOT AND OPPORTUNITY GROWS

2017-02 BOILER REPLACEMENT PROJECT

RFI QUESTIONS

Published June 1, 2017

Q1. Will the District be adding chemical treatment to water once the boiler is replaced or will the contract be responsible for this?

- A. On page 31 of the Bid Documents is the Bid form and proposal. Please list the chemical treatment under "Other-Please specify," with the cost of the treatment. At the District's discretion, this District may choose to accept this as part of the Bid or reject this portion of the Bid proposal only.
