DID YOU KNOW?

The month of November got its name from ancient Romans. The word November is derived from the Latin root word "novem" meaning "nine". Originally, in the ancient Roman calendar, "November" was the ninth month, this was later changed to be the eleventh month. November is National Marrow Awareness Month, The Be The Match Registry has been raising awareness since 1986 when it was founded. This organization encourages people be marrow donors to save lives! November is also national gratitude month, which in fact, goes hand in hand with Thanksgiving Day, a holiday that observes and celebrates gratitude for what we have. In light of this, this Thanksgiving Day remember "He who forgets the language of gratitude can never be

on speaking terms with happiness."
- C. Neil Strait.
