Students may be required to present evidence of physical presence in California for at least one year and proof of intent to make California their permanent home. Persons over 18 years of age who have legal residence in California for a period of one year immediately prior to the Residence Determination Date may attend as residents. The requirements necessary to demonstrate Intent to become a California resident are available from the Admissions and Records Office .

## NON-RESIDENT STUDENT

- A. **"Prerequisite"** means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.
- B. **"Corequisite"** means a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

Please refer to the course description listed in the college catalog in our website ([Palo Verde College](http://www.paloverde.edu) at [www.paloverde.edu](http://www.paloverde.edu)) to determine specific enrollment requirements. Students who do not satisfy the requirements will not be permitted to enroll in the course, unless they are approved through the challenge process. See a counselor for further information.

Students will be enrolled in the course pending the outcome of the process. If the challenge is denied, students will be administratively withdrawn from the course, all fees will be refunded, and no drop charges will be made.

NOTE: Students must pass the prerequisite course with a grade of "C" or better.

## Attendance - First Meeting

Courses with low enrollment may be canceled after the first class meeting. This makes it extremely important that you and your classmates be officially enrolled in and attend the first meeting of your courses. failing grade for each course. Please refer to college catalog for additional information.

# METHODS OF INSTRUCTION

## FACE TO FACE CLASSES (F2F)

In a Face-To-Face course 100% of the course is conducted in the traditional classroom/lab with an instructor.

## INTERACTIVE TELEVISION Televised classes/Live Stream to/from Needles (ITV)

Instruction is offered via interactive television (Live Stream to both Blythe students and Needles students. These courses can originate in either Blythe or Needles and are live stream in real-time to the other campus.

## CORRESPONDENCE EDUCATION

This method of instruction allows students to receive lessons and exercises via the mail or electronic transmission including examinations on the materials to students who are separated from the instructor. Upon completion, students return those materials for analysis, criticism and grading. Interaction between the instructor and student is limited due to separation. Instruction may be wholly by correspondence or a combination of home study and residential training. Typically, correspondence courses are self-paced; although a regular cycle of assignment submissions and delivery of feedback is established for facilitated learning. Correspondence is not distance education.

## ONLINE CLASSES

All instruction occurs online. Access to e-mail and the Internet is required. Students may be required to complete work using e-mail, chat rooms, discussion boards, and other instructional tools via the Bridge.

## HYBRID (Online/Face to Face)

This method of instruction incorporates in-person learning with virtual/online learning. Access to e-mail and the Internet is required. Students may be required to complete work using e-mail, chat rooms, discussion boards, and other instructional tools via Canvas.
