St. Patrick's Day

fun facts

- Green is associated with St. Patrick's Day because it is the color of Spring.
- The shamrock is the traditional symbol because St. Patrick used it to explain the connection between the father, the son, and the holy spirit in the Christian religion.
- It is considered lucky to find a four leaf clover on St. Patrick's Day
- Lucky Charms, a favorite cereal brand among many, young and old, was created in 1963, with its popular mascot, Lucky the Leprechaun. Its jig is a memorable tune for many, including the young at heart:
- Many people wear green on this holiday to avoid being pinched
- The actual color of St. Patrick is blue. Green became associated with St. Patrick's Day during the 19th century. Green, in Irish legends, was worn by fairies and immortals, and also by people to encourage their crops to grow.
- The very first St. Patrick's Day parade was not in Ireland. It was in Boston in 1737
