

## **Welding Technology**

Palo Verde College OPEID: 001259

### **Welding Technology/Welder Classification of Instructional Program Code: 48.0508**

PVC Program description:

The program of studies in Welding Technology is designed to provide comprehensive occupational training in welding methods currently used in the welding fabrication industry. Students will be taught the manipulative skills and the technical knowledge required to operate oxyacetylene, shielded electric arc, MIG, TIG, and semiautomatic flame cutting. They will be prepared for certification as required by employment in the welding industry.

Palo Verde College offers a Certificate in Welding Technology. This program is normally completed in 9 months.

RELATED OCCUPATIONS:

- Welders, cutters, and Welder Fitters <http://www.onetonline.org/link/summary/51-4121.06>
