## V. Discussion/Information Items

William Smith gave a brief update on the Accreditation visit on November 12. Part of PVC's response to the Accreditation Team's report was to have a training session on the Curriculum process. This training will take place at the January 2009 Flex Day. The Committee also needs to update the Curriculum Handbook prior to the training session.

Since there is such a short time between now and the January Flex Day, the Committee needs to focus on putting together the Curriculum process flowchart at the very minimum.
