

Hazardous Materials

- All district employees who work with or around hazardous materials must familiarize themselves with the following:
- **Fire alarm** location and operation
- **Emergency exits and Evacuation Plan**
- Fire extinguisher location and operation
- Spill and containment response measures for specific hazards in their area.
- Available spill response equipment
- Specific immediate first aid measures for hazards in their area.
- Immediate action in the event of a spill:
- If an immediate fire hazard exists or medical assistance is required, **call 911**. Evacuate the area and await assistance.
- For spills not involving immediate danger to life or property:
- Confine the spill.
- Evacuate the immediate area and limit access.
- Notify your supervisor.
